

# Social Booth Settings - Queue

Modified on: Sat, 11 Jul, 2015 at 6:38 PM

**1** Queued Emails: 0 **2** SEND EMAIL

Queued SMS: 0 SEND SMS

Queued Client FB 0 POST TO FACEBOOK

Queued Client Twitter 0 POST TO TWITTER

Queued Cloud 0 UPLOAD TO CLOUD

 If you are running at an event with no internet, you can send Emails, SMS, Client Facebook & Client Twitter Uploads once you are back online.

Quit Save & Start

(<https://s3.amazonaws.com/cdn.freshdesk.com/data/helpdesk/attachments/production/3010932241/original/SocialBooth-queue.png?1436679405>)

Social Booth can be run in offline mode if there is no Internet. If there is a red dot on the Queue tab, that is the notification that there are items in the queue. Emails, SMS, Client Facebook and Client Twitter uploads can be queued and uploaded once you are back online. User Facebook, Twitter & Pinterest can't be queued as the user needs to actually login to those services to upload.

## 1. Queued Emails

Click the Send button to send the queued emails

**Queued SMS**

Click the Send button to send the queued SMS

**Queued Client FB**

Click the Send button to send the queued Client FB

**Queued Client Twitter**
